

SERGÉY ULYANOV

TECHNICAL PRODUCTION · AI-ENABLED STREAMING OPERATIONS

Los Angeles, CA · (310) 713-7738 · ulyanoov@gmail.com · sergey-ulyanov.pro · linkedin.com/in/charaunic
Authorized to work in the U.S. · Valid driver's license · Reliable car · Open to irregular live-production schedules

PROFILE

Production, post, audio, and AI-workflow operator with 10+ years turning complex media work into organized, deadline-ready systems. Combines Codega Media production-assistant and audio-engineering certifications with hands-on delivery across entertainment, music, events, agencies, digital products, and AI automation. Brings calm execution, fast systems learning, precise handoffs, and a practical human-in-the-loop approach to AI-enabled live production and streaming operations.

PRODUCTION & SYSTEMS READINESS

- **Set / live-production foundation:** equipment assembly and setup, walkies, call sheets, petty cash, production departments and hierarchy, set etiquette, OSHA-aligned safety, crew support, pre-production checks, and fast handoffs.
- **Audio / A1 foundation:** equipment handling, signal-flow basics, microphone and studio setup, Pro Tools/DAWs, recording, comping, editing, basic mixing, sound design, file organization, and backups.
- **Post / streaming support:** Premiere Pro, After Effects, Media Encoder, captions, exports, versioning, asset organization, delivery QA, Frame.io, Google Drive, and Mac/PC workflows.
- **AI / automation:** Amazon Bedrock, ChatGPT, Claude, Gemini, Codex, GitHub, Vercel, AI-agent orchestration, workflow automation, human-in-the-loop QA, reporting, and operator documentation.

RELEVANT EXPERIENCE

SERGÉY STUDIO — *Freelance Production, Post & AI Workflow Support* | Los Angeles · 2022–Present

- Supported production/post and creative systems involving Universal Music Group, Paramount Pictures, Complex, Cal Poly × AWS, hospitality operators, and independent music releases; controlled assets, timelines, QA notes, versions, exports, and client/vendor handoffs.
- Built an Amazon Bedrock-powered compliance workflow that converts policy material into assignments and reporting, reducing targeted manual work by up to 90% and improving reporting speed 2×; demonstrates practical automation design, testing, and operator-focused documentation.
- Built interconnected AI-agent workflows for research, applications, email, scheduling, content, and e-commerce; converted manual sequences into monitored systems while keeping review, judgment, and final decisions with the operator.
- Led release-to-commerce workflows across mastering, artwork/prepress, content, Shopify, partner communication, and international fulfillment; prepared 500+ release/content assets across a limited physical-release cycle.

EUROPEAN AGENCY, BRAND & ENTERTAINMENT PROJECTS — *Production & Creative Operations* | 2011–2022

- Coordinated deadline-driven campaigns, events, video/music assets, agency vendors, approvals, and multi-market rollouts for Sony Music-related projects, McDonald's, Volkswagen, Coca-Cola/Fanta, BASF, UNICEF, Société Générale, Raiffeisen Bank, and Unilever.
- Supported X-Factor Russia creative preparation with 2× GRAMMY-winning producer Walter Afanasieff and marketing materials for a Cannes-featured docuseries; worked across producers, creatives, executives, agencies, and external production partners.

TRAINING & EDUCATION

- **Codega Media — Production Assistant Training/Certification + Audio Engineering Training/Certification, 2026:** intensive 2-day PA training plus hands-on equipment, set operations, safety, studio setup, signal flow, microphones, Pro Tools/DAWs, recording, editing, basic mixing, sound design, media organization, and portfolio development.
- **Codega team project:** translated a team-created series concept into a complete visual season presentation with identity, references, storyboards, and production-ready structure using AI-assisted previsualization and human creative direction.
- **Cal Poly DxHub × AWS — AI Summer Camp, 2025:** Top 100 of 1,300+ applicants; applied AI/product-workflow project development.
- **Belarusian State University of Culture and Arts —** BFA-equivalent higher-education diploma, Directing of Event Production. Belarusian State Economic University — second higher-education diploma in economics/finance; U.S. credential evaluation pending.

IMMEDIATE FOX SYSTEMS RAMP

Prepared to train and certify on automated control rooms, routing, robotic camera operation/shading, Sony switchers and macros, Chyron graphics, iNews, NDI/Dante, vMix/Tricaster, live-sports pacing, and escalation protocols.

FUN FACTS

Trilingual (Russian, Belarusian, Ukrainian); contributed Belarusian-language expertise to an Ericsson AI study (NDA). Singer-songwriter/DJ and LGBTQ+ advocacy volunteer; runner, snowboarder, skydiving enthusiast, and Burning Man attendee.
